

SPORTS SCHOLARSHIP

TERMS AND CONDITIONS

Singapore Chinese Girls' School is offering Sports Scholarships to students with sports talents to study in the independent Secondary School.

Candidates with good academic records and the requisite achievements in particular sports and games should consider applying.

Subject to satisfactory performance and conduct, and the conditions stated herein the scholarship will be renewed yearly to allow the scholar to continue her schooling in SCGS leading to the GCE 'O' Level Examination at the end of Secondary 4. The scholar is required to continue in the sport or game through which she earned the scholarship and to qualify for the school team for the duration of her studies in SCGS.

The SCGS Sports Scholarship covers

- **School fees** as charged by SCGS for local students for the year. Should the scholar also be in receipt of any other scholarship covering all or part of such fees, the Sports Scholarship will only cover the difference between the student's school fees (local rate) and such other sum due to her as a benefit under any other scholarship(s).
- The Scholar may claim reimbursement for **coaching fees** for that sport or game up to the amount of **\$600 per annum** should there be no coaches offered by the school for that particular sport or game. Such claims are to be supported by invoices and receipts. Should the scholar receive any private coaching in addition to that provided by the school, the expenditure is borne by the scholar.
